

CORPORATE WELLNESS

Wellness That Works!

Support your employees' well-being with purposeful, restorative retreats designed to reduce stress, build team connection, and promote a healthier workplace culture.

These retreats offer a chance to unplug, recharge, and return to work with renewed focus and energy.

KEY BENEFITS:

- Alleviate burnout and stress
- Boost team morale and collaboration
- Encourage work-life balance and mindfulness
- Improve productivity and mental clarity

TRAVELOVE OFFERS:

- Mindfulness & stress management workshops
- Guided yoga, meditation, journaling and wellness activities
- Nature-based excursions and movement sessions
- Healthy meals and wellness workshops
- Leadership development and group coaching

TRAVELOVE

*Reclaim what once inspired
you and dream again.*

Travel experiences designed for the weary soul—the burned out, the overworked, the stressed the emotionally drained.

We offer journeys and immersion experiences. An immersion isn't a retreat from life. It's a way of stepping back into it — with more presence, curiosity, and care.

We create journeys of calm, connection, and quiet renewal for people who need to breathe again.

While our journeys are rooted in rest and renewal, they are also filled with joyful exploration and unforgettable experiences.

THE EXPERIENCES

Through immersive travel experiences, we give you the environment, inspiration, and clarity to begin again—with intention.

The Purpose Path Retreat

Reflective travel designed for those seeking direction, with guided journaling, life-mapping workshops, and time in nature to hear your own truth again.

Inspiration Immersions

A journey through artist enclaves, story-rich cities, and slow-moving cultures to awaken creative flow and reconnect with wonder.

From Burnout to Breakthrough

For professionals in transition. Includes restorative activities, optional career coaching, and group circles designed to help you shift with grace.

The Reimagining Journey

A slow-travel itinerary designed to gently deconstruct old stories and help you craft a new vision for life, career, and self.

PURPOSE = PEACE

Each experience is designed to replenish your energy, restore your peace, and help you rediscover yourself through the healing power of travel.

Each experience blends introspective time with soul-lifting adventure—whether it's a sunrise paddle across a still lake, a cooking class with a village elder, ziplining in the jungle, horseback riding or a laughter-filled excursion to a secret beach.

You'll laugh, taste, move, and rediscover the thrill of being alive—all while creating space for new ideas, fresh inspiration, and the next version of you.

TRAVEL HEALS!
